# LIQUI-PLEX<sup>®</sup>

# Zn

**DIRECTIONS FOR USE:** Apply LIQUI-PLEX Zn as a foliar application at 1 L/ha. Dilute in a minimum of 100 L of water per ha. Repeat application as necessary. This product should be used on the basis of a soil and/or tissue analysis. This product is only to be used to treat micronutrient deficiencies and the user should seek the advice of an agricultural representative or a professional agricultural consultant. Foliar fertilization is intended as a supplement to a regular fertilization program and may not, by itself, provide all the nutrients normally required by plants.

**CAUTION:** Persons with allergies should avoid exposure. Inhalation of mist may cause irritation of the upper respiratory tract. Irritation to eyes. Contact may cause irritation. Prolonged or repeated exposure may lead to reddening of skin, dermatitis or other skin reactions. Harmful if swallowed.

## SHAKE WELL BEFORE USE

**WARNING:** Causes serious eye damage. Causes skin irritation. Wear protective gloves, safety glasses and suitable protective clothing. In case of insufficient ventilation, wear suitable respiratory equipment.

**SHELF LIFE & PRECAUTIONS:** Keep container tightly sealed when not in use. Store in a cool dry place between 1 and 38°C. Do not store diluted product. Compatibility testing should be done prior to application. Avoid release of concentrated product to the environment due to the potential for hazard to aquatic life.

## KEEP OUT OF REACH OF CHILDREN

### FIRST AID MEASURES:

**INHALATION:** Remove person to fresh air and keep comfortable for breathing.

**SKIN CONTACT:** Wash skin with plenty of water.

**EYE CONTACT:** Rinse eyes with water as a precaution.

**INGESTION:** Call a poison center/doctor/physician if you feel unwell.
